

New Beginnings Family,

In response to our civic authorities and our government's efforts to protect our cities, our families and our congregations we have decided to adjust our decision about joining together for our Wednesday and Sunday gatherings.

This pandemic has been so unpredictable and has drastically changed in the last few days. However, the powerful truth remains that God is unchanging and we can always trust and stand on His Word.

Adhering to these restrictions is not a lack of faith on our part, but rather a sincere desire to honor/obey God by honoring our leaders and the lives of our fellow citizens by doing all we can spiritually and naturally to see this virus contained and removed.

Read (Romans 13:1-7)

Although it was an amazing Sunday service that was directed by God and it was within the overall guidelines at the time, we believe that it is wise and biblical to honor the current recommended restrictions in order to help contain this Coronavirus, regardless of our perspectives.

It is our highest priority to develop plans that will enable us to minister to the sick, hurting and those in need of encouragement throughout this time. As well as create platforms/resources to remain connected to you our New Beginnings family! That being said we will begin our first online service this Sunday and for your convenience you will also be able to give online through our website newbeginnings.online. If you would like to send your tithes and/or offerings to the Church please do so at P.O. Box 698 Santa Maria, CA. 93456.

We will continue to communicate all updates through our website newbeginnings.online and our NB Facebook page. Please feel free to send any questions and most importantly, any prayer needs/requests to our website, Facebook or email at newbeginningfoursquare@verizon.net.

New Beginnings family please remember that these restrictions do not limit us from being a powerful church. Despite the set limitations, we can still proclaim the Good News and be the bright light that holds the ONLY answer, JESUS!

What shall we do? Trust God, Stand strong, Increase prayer, lay hands on the sick & look for any opportunity to share the GOOD NEWS!

We will continue to believe and contend for the eradication of this virus. We trust that God is and remains the One who is able to deliver and heal us from every sickness and disease.

We Love you,

Pastors Larry and Maria
